Mindfulness-Based Childbirth and Parenting (MBCP)
The UCSF National Center of Excellence in Women’s Health in collaboration with the Osher Center for Integrative Medicine is currently offering Mindfulness-Based Childbirth and Parenting (MBCP). The MBCP Program is an invitation to begin or deepen the practice of mindfulness for meeting the profound changes in our bodies and minds during pregnancy, childbirth and parenting.

The MBCP Program was developed by Nancy Bardacke, CNM, author of *Mindful Birthing: Training the Mind, Body and Heart for Childbirth and Beyond*. It is a nine-week course that integrates childbirth education with stress reduction, pain coping, and parenting skills. It includes an all-day session after the sixth week and a reunion after the birth. **Fee:** UCSF Discount for Faculty/Staff/Students: $531 per couple, $265.50 per single $680 per couple, $335 per single with mindful-birthing book, workbook and two audio CD’s, $40 for materials.

The Mind in Labor: Working with Pain in Childbirth: A three-day mind/body skills workshop

- **Friday/Saturday/Sunday**
  - Fri: 6:45-9:45 pm, Saturday: 9:30 am-4:30 pm
  - Sunday: 10:00 am-5:00 pm
- Based on the mind/body skills and meditation practices outlined in the award-winning book Mindful Birthing by Nancy Bardacke, CNM, this will be a weekend for looking deeply at pain and fear during childbirth and for cultivating tools to work with them in the process of giving birth.

- The workshop is an excellent complement to any childbirth education class, including refresher classes. It can be helpful for those who anticipate a birth experience that needs special medical attention or who have had a difficult previous birth experience.

- **Osher Center for Integrative Medicine,** Mount Zion: 1545 Divisadero Street (at Post).
